

**Statement In Lieu Of EEO Public File Report for
Reporting Period of June 1, 2020 – May 21, 2021**

Between June 1, 2020 and May 21, 2021¹ (the “Reporting Period”), the Station Employment Unit (“SEU”) consisting of FM Station **KJUL, Moapa Valley, NV (FCC Facility ID No.63769)**, licensed to Summit American, Inc. (“Summit”), and AM Station **KQLL, Henderson, NV (FCC Facility ID No. 58317)**, licensed to Summit’s affiliate, S&R Broadcasting, Inc., had less than five (5) full-time employees. Accordingly, for this Reporting Period, the SEU qualifies for the “small station exemption” under Section 73.2080(d) of the FCC’s Rules.

¹ The end date of the Reporting Period has been changed from May 31, 2021, to May 21, 2021, in order to timely prepare the EEO Public File Report for the SEU’s stations that must be filed with the FCC in advance of filing the SEU’s stations license renewal applications by June 1, 2021.
